Superintendent, Vernon S. Ames.

Town Warrant

To the Inhabitants of the Town of New Ipswich in the County
of Hillsborough in said State qualified to vote in Town
Affairs

You are hereby notified to meet at the Town House, in said New Ipswich on Tuesday the ninth day of March next, at nine of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year; and make appropriation for the same.
3. To see if the Town will vote to raise and appropriate two thousand dollars for the maintenance of the State Road.
4. To see if the Town will vote to raise money for Memorial Day.
5. To see if the Town will vote to borrow money in anticipation of taxes.
6. To choose one member of the Electric Light Committee for three years.
7. To choose one member of the Trust Funds for three years.
8. To see if the Town will vote to have the Trustees of the Trust Funds act as the Trustees of the Spaulding School Fund.
9. To see if the Town will vote to raise Fifteen hundred dollars for street lighting.
10. To see if the Town will vote to raise two thousand one hundred and fifty dollars,—two thousand to be paid on the principal of the note, and one hundred and fifty dollars to be paid as one year's interest.

11. To see what action the Town will take in regard to the purchase of some kind of a Fire Truck.

12. To see if the Town will vote to raise four hundred dollars to prevent the spread of the White Pine Blister rust. In addition to this the State will give one hundred dollars for every four hundred dollars raised, and pay the cost of a supervisor for the work.

13. To see what action the Town will take in regard to procuring a resident physician and if procured to raise the sum of seventy-five dollars per month, or such other sum as the Town shall see fit, for a period of three years to be paid to such resident physician only in quarterly payments upon orders drawn by the selectmen.

14. To see if the Town will vote to have the following persons act as a committee in procuring said physician: Bertha Preston, Annie Thayer, Cora Walker, Caroline Lowe, Bessie Cushing, H. W. Lewis, Lauriston Hardy, Isham Aldrich and Edward Wheeler. Said committee to take action at once and give their services.

15. To see if the Town will vote to sell District No. 11 School House by Public Auction during the month of May or June.

16. To see if the town will vote to enlarge the stage in Town Hall so that the piano would not have to be lifted off and on so many times.

17. To see if the Town will vote to extend the Electric Light line on the Greenville road as far as the residence of Harold P. Hurlbut, and raise and appropriate money for the same.

18. To see if the Town will vote to extend the Electric Light line from the residence of Andrew Anttila to August Parari's and George S. Wheeler's and issue and appropriate money for the same. Isaac Hill, Kalle Maki, August Pajari, Nicholas Somero, Andrew Kangas, Matti Somero and Charles F. Wheeler each agree to give one week's work free toward this extension.

19. To see if the Town will vote to place another street light on the Preston Hill road near the Prichard farm.

20. To see if the Town will vote to extend the Electric Light line from the residence of Joseph Sorel to the farm of August Millymaki. John Koski, John Nyman, August Plyormaki and August Millymaki agree to deliver the poles for said line at \$3.50 each and work until they are set.

21. To see what action the Town will take in regard to building an Electric Light line from the residence of Ilmer Aho to Matti Maki's farm. Matti Maki, John Korpi, Sulo Sannenen, John Hyvarinen and John Hill agree to give eighteen days' work.

22. To see if the Town will vote to extend the Electric Light line from the residence of Robert B. Walker to the residence of Waino Maki and raise and appropriate such sums of money necessary to defray the expense. If proposed line is built the following petitioners will give six days work each: Waino Maki, Willis F. Mansfield, Matti Isola, William E. Aldrich, Niles Johnson, Ida Kavanen.

Given under our hands and seal, this nineteenth day of February in the year of our Lord Nineteen Hundred and twenty-six.

PHILIP F. GORDON
KATHERINE PRESTON
WALTER S. THAYER
Trustees of Trust Funds

Feb. 9, 1926
I have this day examined the above accounts and found them correctly cast with vouchers therefor, and the above is a correct list of the securities held by the town.
HERSCHEL W. LEWIS, Auditor

Auditor's Report

To the Citizens of New Ipswich:

That the duties and responsibilities of a municipal auditor may be more generally and thoroughly understood, I include in this report the following extract from a circular letter sent early in February by the State Tax Commission to all town auditors in the state of New Hampshire:

"Because of the many irregularities and defalcations in recent years it seems advisable that we bring to the attention of the Town Auditors the responsibility of their position.

"Let me call your attention to the law giving you authority.

"Public Statutes, Chapter 43, Section 23. Every town, at the annual meeting, shall choose one or more auditors, who shall CAREFULLY examine the accounts of the selectmen, town treasurer, town clerk, clerk or other person acting as clerk of a municipal court, collector of taxes and any other officer or agent handling funds of a town at the close of each fiscal year AND AT OTHER TIMES WHENEVER NECESSARY and report to the town whether the same are correctly cast and well vouched."

"That this office may become acquainted with the situation in each town, we are sending you a questionnaire, which we ask you to fill out and return to us as soon as you have completed your work.

"It is the opinion of this Commission that an auditor who neglects or fails to do his duty may be held personally liable. The failure to advise this commission of any irregularity or return the enclosed questionnaire would be a neglect of duty."

The questionnaire referred to, is a searching investigation into the methods of handling the appropriations, trust funds, and all other public moneys of the town of New Ipswich. I am happy to say that I have been able to return very satisfactory answers to the State Tax Commission, and that, to the best of my belief and knowledge, the public funds of New Ipswich are in the hands of capable, honest and conscientious men.

I have examined item by item the accounts of the selectmen, treasurer, clerk, road agent, tax collectors, chief engineer,

electric light commission, trust funds, and the financial statement rendered by the Townsend National Bank. I have found all these accounts correctly cast, properly vouched, and in agreement. The treasurer's monthly and yearly statements are in accord with those of the bank.

It would unnecessarily add to the cost of printing this town report, were I to append, as in former years, a statement of the town's receipts and expenditures for the past fiscal year, and a statement of its present assets and liabilities. All such statements will be found clearly set down in detail in the report of the selectmen, to which I have given my official approval.

Respectfully submitted,

HERSCHEL W. LEWIS
Auditor

SCHOOL WARRANT

To the inhabitants of the School District of New Ipswich,
qualified to vote in District Affairs.

You are hereby notified to meet at the Town Hall in said District, on the 9th day of March, 1926 at 2 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.
6. To choose agents, auditors, committees in relation to any subject embraced in this warrant.
7. To see how much money the District will raise and appropriate for the support of schools.
8. To see if the District will raise and appropriate money for the purpose of providing a water supply for the No. 1 School building, or act anything thereon.

Given under our hands at said New Ipswich, this —day of February, 1926.

NETTIE E. LEWIS
GEORGE R. JAQUITH
School Board of New Ipswich

REPORT OF SUPERINTENDENT OF SCHOOLS

TO THE SCHOOL BOARD AND CITIZENS OF NEW IPSWICH:

I submit my third annual report as Superintendent of Schools:

SCHOOL ORGANIZATION

Again I must report a considerable change in the teaching force. At the Junior High School, Miss Harris having decided to continue her work at the Normal School, we secured Miss Maude Morrow, a graduate of the three-year Junior High School course at Keene Normal School. Miss Monson, Miss Pettingill and Miss Rock at schools Number Four, Five and Six, respectively, were replaced with three graduates of the two-year course at Keene Normal School, Miss Mabel Sturtevant, Miss Hazel Robbins and Miss Elizabeth Colby. Miss Colby's illness made it necessary to employ a substitute through September and was responsible for her resignation in November. Miss Ruth Dewar took her place the first of December. Miss Dewar is a teacher of several years' experience.

I would call attention to the frequent changes that we have in the rural schools and especially at Number Six where we have had eight different teachers in the past three years. The number of teachers available in New Hampshire is increasing and some way should be found to take advantage of that fact in New Ipswich to secure a more permanent teaching staff. I suggest that a special study of this situation be made during the next year to discover whether, through some measure of consolidation, or a different organization in these schools, or by some other means, we can hope to retain good teachers longer and secure trained, experienced teachers when changes are necessary.

The enrollment has not changed materially in any of the schools except at Smithville. The total enrollment is eleven less than last year. The attendance is somewhat better than last year and is about one and one-half percent above the state average. The tardiness is considerably less than the state average.

A special agreement was entered into this year with the authorities at the Parochial School in Greenville whereby pupils are not allowed to transfer during the school year between the Parochial School and the Highbridge School. The transfers in the past few years in the fall and spring have interrupted the work in both schools rather seriously.

SUPERVISION

The statistical report following shows 147 supervisory visits during the school year, an increase of twenty-six over the preceding year. I am trying to give an increasing proportion of my time to visiting the teachers at work and less to office work.

Standard tests have been continued and have been used as a basis for suggesting to the teachers ways of improving their teaching along certain lines. The tests are repeated at intervals of eight or ten weeks so that the progress may be noted and further suggestions given.

MEDICAL INSPECTION

The regular medical inspection was made in October by Dr. Pease and the school nurse, Miss Ethel Frye, and they report the following results: Number of children examined, 152.

Defective Vision	1
Cardiac Disease	1
Pediculosis	3
Skin Disease	1
Orthopedic Defects	1
Defective Teeth	122
Enlarged Tonsils	28
Unvaccinated	3

Treatments since last examination were reported as follows:

Pediculosis	25
Defective Tonsils	5
Adenoids	1
Defective Teeth	15

FINANCES

The budget submitted for the school year 1926-27 calls for increases in the following items: Teachers' Salaries \$300.00, Medical Inspection \$50.00, Elementary Tuition \$50.00, Expenses of Administration \$50.00 and High School Tuition \$200.00. These are partly offset by decreases in the following items: Text books \$50.00, Other Expenses of Instruction \$90.00, Janitor Service \$50.00, Per Capita Tax \$12.00. The increased amount of Teachers' Salaries is due in part to the transfer of \$90.00 (for transportation of music teacher) from the item "Other Expense of Instruction," but more largely to the fact that we believe in the policy of securing and keeping the best possible teachers. The increase in Medical Inspection is due to the fact that we are continually over running the appropriation for that purpose and the deficit has been made up by the Red Cross Chapter. We should not continually depend upon this organization, however willing it may be to meet the ex-

pense. Expense of Administration has overrun the usual appropriation of \$150.00. The increase in High School Tuition is due to the increased rate of tuition which is now permissible. The legislature of 1925 amended the law so as to allow High Schools and Academies to charge a tuition rate as high as the average per capita cost in that school but not in excess of the average cost in all the high schools of the state, consequently the tuition rate at Appleton Academy next year will be \$95.00 instead of \$70.00. The decrease in the estimate for Janitor Service is apparent rather than real because we propose to pay the Academy a rental of \$400.00 a year, instead of paying them from \$300.00 to \$350.00 for fuel and \$92.00 for janitor service. We estimate that there will be an increase of about \$200.00 in the State Aid allowance for next year due to the fact that we are employing teachers with higher qualifications and with correspondingly higher ratings. This will leave the total sum recommended to be raised by taxation about \$700.00 more than last year, but the rental of the Junior High School room at the Academy is included in the estimate this year.

REPAIRS AND IMPROVEMENTS

The general condition of the buildings and school property is very satisfactory and we do not anticipate any more than the ordinary minor repairs. It would be very desirable if some of the windows could be provided with screens during the fly season and the expense for that would not be very great.

The water supply at the Number One School is the one serious problem now confronting us. If we are to have a supply that will be unfailing and that will be suitable for drinking purposes it must be from some other source than the well in the basement.

Last year the well was dry until April, but this year there has been sufficient water in it so far. Perhaps the two years may represent the opposite extremes. At least we cannot be sure of an adequate supply all of the time. The investigation you have made seems to me to offer the proper solution and I recommend that the option on the spring be taken up and the water piped to the school house.

The usual statistical tables follow this report. Again I wish to express appreciation of the loyalty and support of teachers, school board, and citizens.

Respectfully submitted,

VERNON S. AMES
Superintendent of Schools

Feb. 8, 1926

TO THE CITIZENS OF NEW IPSWICH:

In beginning the report of the School Board it seems fitting to pay a tribute to our Superintendent. We who are associated with him in school problems are impressed with his singleness of purpose, his absolute impartiality and his general ability as a Superintendent. We are indeed fortunate in securing his services.

We are also proud of our teachers this year they set a good example to those in their charge and seem loyal to their trust.

The School Board wishes to emphasize what has been said by the Superintendent on the importance of securing the best of teachers. This means, of course, that we must pay good salaries but how could money be used to better advantage. To quote from the last biennial report from the State Board at Concord: "We spend our school money mostly for good teachers. New Hampshire's children are worth the expenditure."

The Highbridge teacher notes a marked improvement in the progress of her pupils, since they are not allowed to go back and forth between that school and the Parochial. We are much pleased that this has been accomplished.

The fact that the Truant Officer has not been called into service yet, speaks well for the school attendance.

Superintendent Ames, in his report of last year, called your attention to the water situation at the No. 1 School. This topic will be mentioned below in a separate paragraph.

We heartily appreciate the assistance rendered by the Red Cross and the Parent-Teacher Association.

WATER SUPPLY AT NO. 1 SCHOOL

At the last annual meeting of the District, the sum of \$500.00 was voted towards a source of water supply for this school building.

After a more thorough investigation of the possible sources and methods of water supply in the vicinity, by the School Board, the Superintendent and others, the conclusion was reached, that the source of supply having most points in favor, and fewest objectionable features, was a well known spring on land of Ilmer Aho.

This spring is about 69 feet above the level of the school room floor, according to a survey made by Mr. W. A. Preston.

The distance between spring and building is about 1760 feet, measured with 100 ft. steel tape line.

A sample of the water was sent for analysis and the report on this was "excellent."

The flow of the water, measured at various times was one gallon in 40 to 55 seconds.

Estimates of cost from different people resulted about as follows:

Reservoir, 2000 to 2500 gallon capacity	\$250 00
2 inch pipe	500 00
Digging, laying and covering	900 00
Deed of spring	150 00
	<hr/>
	\$1800 00

At this point the School Board paid Mr. Aho \$25.00 for an option (expires April 1, 1926) on purchase of the spring for \$150.00, this sum to apply, on the purchase, if completed.

While this seems a large sum, yet few things are more worth while than an abundant, reliable supply of good water and the School Board recommends that \$1200.00 be raised to complete the work.

We respectfully submit this report and with it our proposed budget for 1926-'27.

NETTIE E. LEWIS

SCHOOL BUDGET FOR 1926-1927

Estimated expenditures for the school year from July 1, 1926, to June 30, 1927, and recommendation of sums to be assessed for the support of schools.

ESTIMATED EXPENDITURES

Cost of Instruction:

Teachers' salaries, including	
music supervisor	\$7,100 00
Text books	300 00
Scholars' supplies	300 00
Flags and appurtenances	25 00
Other expenses of instruction	50 00

Operation and Maintenance of

School Plant:

Janitor service	350 00
Fuel	450 00
Janitors' supplies	75 00
Minor repairs and expenses	300 00

Auxiliary Agencies:

Medical inspection and health supervision	400 00
Transportation of pupils	1,250 00
Elementary tuition, Greenville	200 00

Total estimated cost of main-
taining schools

\$10,800 00

ESTIMATED REVENUE

From sources other than taxation:

State aid	\$1,800 00
Dog licenses	100 00

Trust fund income	450 00	
Estimated balance, June 30, 1926 (special appropriation for water supply, not used)	500 00	\$2,850 00
	<hr/>	
Balance, sum recommended to be raised by taxation		\$7,950 00
(A tax of \$.005 on the equalized valuation is necessary to se- cure state aid,—\$6416.60)		
Additional sums recommended to be raised by taxation:		
For salaries of district officers	\$170 00	
For Superintendent's excess sal- ary	300 00	
For truant officer and school census	30 00	
For expenses of administration	200 00	
For new equipment	100 00	
For per capita tax (statutory)	404 00	
For high school tuitions (statu- tory)	1,000 00	
Rental of room at Academy, in- cluding fuel and janitor ser- vice	400 00	
	<hr/>	\$2,604 00
Total sum recommended to be raised by taxation		\$10,554 00
Recommended to be raised for purpose of water supply at Number One School, if voted under Article —		\$1,200 00
